Re: Letter of Recommendation

**To whom it may concern**

Absa Vehicle Management Solutions (Pty) Ltd, a subsidiary of the Absa Group, has been closely associated with Acres of Love since 2001.

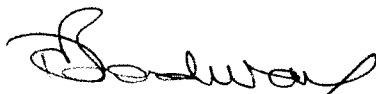

During this time, we have seen the Acres establishment expand from two homes to the current fifteen. This amazing growth is ample testimony to the merits and success of the model that is deployed by Acres in their mission to meet the needs of Aids orphans in Gauteng.

At all times, we have found the approach to the cause of the children in the Acres homes to be passionate and professional. Every effort is made to provide them with an environment that is equivalent in all possible respects to that which the children in advantaged homes enjoy.

In our own ways, through the provision of a fleet of motor vehicles, and through direct personal physical involvement, we are proud to have contributed to the well being of the Acres family.

We wish Acres of Love, its management and the children, every success in their journey and we look forward to our continued close relationship with them in future.

Sincerely

John Broadway

Managing Director – Absa Vehicle Management Solutions  
Executive for CSI – Absa Vehicle and Asset Finance
