Dear Mr Palmer

I would like to express our school's grateful thanks to you for attending a school assembly recently and for the wonderful manner in which you presented the activities of 'Acres of Love'.

To most people and children, the problems of AIDS infection and the way that it affects particularly the lives of the very young was an eye opener. The children were spellbound and found it hard to believe that the little baby brought along with you would, in all probability, only enjoy a short span of life. Your educational perspective is informative and helped us to gain an insight into the problems 'Acres of Love' faces in the care of these children.

My recent visit to the home served to reinforce my belief that you are doing an outstanding job by providing and caring for those brought to you in terminal need.

We trust that the donation made by the Wendywood Primary children will help provide in some small way.

We wish you and 'Acres of Love' every success in your fundraising endeavours in the future. Certainly you deserve to be assisted and we hope that many individuals within our community and the corporate world at large will respond to your call for ongoing support.

Keep up the excellent service and 'Acres of Love' that you offer!

Yours sincerely
